Conditions:

1. Meters will be positioned above the normal ground surface unless Mucea Water deems otherwise.
2. Standard service connection will only be provided within 0.5 metres of the side boundary. The property owner or builder must ensure the side boundary survey pegs are in the correct position and visible before the application is made. Mucea Water may also require a site plan of the property.
3. Mucea Water will determine and install the size and class of meter applicable for the service (typically 20mm).
4. If services are not able to be installed under normal working conditions extra charges may be applicable. A quote will be provided prior to proceeding with work.
5. It is the Builder's responsibility to ensure the meter is adequately protected from damage and the Builder will be liable for the cost of repairing any damage or replacing the meter if stolen during construction.
6. The Builder is not to remove the standpipe before final plumbing connection is made to the water meter.
7. Mucea Water's Standard Terms & Conditions (available on Mucea Water's website) apply to this application and to the provision of the water service.

Fees:

1. Once this application is received, the Applicant/s will be invoiced for the service connection. For details of current connection fees please refer to the 'Building Services Fees & Charges' form available at: www.muceawater.com.au/forms/
2. Payment is required prior to work commencing. We will endeavour to complete work within ten (10) business days (or an agreed date) of fees and charges being paid in full and all conditions being met.
