## 1 Purpose

At Muchea Water, we have zero tolerance for family violence and will do everything we can, within our control, to support customers affected by family violence.

This policy outlines Muchea Water's approach to addressing family violence. We understand that it can be difficult to ask for support. We will treat you sensitively and respectfully.

## 2 Scope

This policy applies to customers and staff of Muchea Water who have been, or are being, affected by family violence.

## 3 Legislation

The [\*Water Services Code of Practice \(Family Violence\) 2020\*](#) requires water service providers to have and implement a family violence policy, and stipulates the minimum requirements that the policy must address. This policy meets these requirements and has been informed by the Department of Water and Environmental Regulation's *Guidance for water service providers in addressing family violence*.

## 4 What is Family Violence?

Family violence is the intentional and systematic use of violence and abuse to control, coerce and create fear. It can be physical, emotional/psychological, sexual, financial, spiritual or social in nature. Further information on what is considered family violence can be found on the Department of Communities (Government of Western Australia) website, available [here](#).

Perpetrators of family violence can use control over their victims as a form of economic abuse, such as incurring debt in the victim's name, refusing to contribute to costs, refusing to pay bills or having the service disconnected when they leave the family home.

Victims of family violence may suffer significant psychological and emotional impacts while attempting to resolve debts at the same time as ensuring their personal safety.

In addition, perpetrators may gain access to the victims' confidential information such as their whereabouts; for example, through their knowledge of the personal details of the victim.

## 5 Our Role in Addressing Family Violence

At Muchea Water, we have zero tolerance for family violence and will do everything we can (within our control) to support customers affected by family violence.

We have implemented systems and staff training so that customers who disclose to us that they have been, or are being, affected by family violence:

- are heard and need only make this disclosure once
- have confidential and respectful interactions with our staff
- can be certain their personal information is kept confidential and safe
- are provided with information about financial support and assistance available, including specialised support networks
- are provided with time and information to help them consider their options and make informed decisions

- can access Muchea Water's [Financial Hardship policy](#) including various flexible payment plans, payment options, financial relief and concessions.

## 6 Support Available

In an emergency, or if you or someone you know is in immediate danger, call the Police now on 000.

If it's not an emergency and you need support, you can call these helpline numbers 24 hours a day, seven days a week.

If you are assisting someone who does not speak English, first call the Translating and Interpreting Service (TIS) on 13 14 50. They can connect you with the service of your choice and interpret for you.
